BIPUL SANJEL

Aadarsha Tole, Kusunti-13, Lalitpur, Nepal | bipulsanjel@gmail.com | +977-9869097775

Final-year Computer Engineering student at Cosmos College of Management and Technology with a strong passion for creative digital design and user experience. Experienced in leading college-level events and developing user-focused projects. Skilled in Figma, Canva, and UI prototyping with a solid foundation in Flutter and Dart. Seeking to contribute to real-world UI/UX design projects while growing as a professional designer.

EDUCATION

Cosmos College of Management and Technology (CCMT), Pokhara University   **2020 – Present**
Bachelor of Computer Engineering (Final-year Student)

National Examination Board, Nepal   **2020**
Higher Secondary Education (+2 Science) — 2020

National Education Board, Nepal   **2018**
Secondary Education Examination (SEE) — 2018

PROJECTS & EXPERIENCE

Plant and Animal Detection App (Major Project)
- Contributed to UI design for a Flutter-based mobile app integrating Reinforced Learning (Python, TensorFlow) for species recognition.
- Collaborated with a 3-member team to build an accessible and functional interface.

Park In – Parking Assistant Application
- Designed a mobile app UI in Figma to simplify parking spot management and user navigation.
- Focused on accessibility, simplicity, and real-world usability.

Club President – CosmoFest 2025 Organizing Committee
- Led the organizing team for the college's annual tech and cultural event.
- Coordinated over 500 attendees, managing event logistics, design, and promotions.

Graphic Designer – Social Media Internship (3 Months)
- Designed engaging posts and visuals for digital marketing campaigns.
- Strengthened brand identity through consistency and creative layout strategies.

Graphic Designer – CosmoFest 2025
- Designed event banners, social media graphics, and digital assets.
- Secured 1st Position in the project demonstration competition for the "Park In" app presentation.
